Holy Cross Catholic Primary School Mission Statement

**A family living, loving and learning
together through the light of Christ.**

Rationale

'I HAVE COME THAT YOU MIGHT HAVE LIFE AND HAVE IT TO THE FULL'

(Jn.10.10)

We are involved in Relationship, Sex and Education (RSE) precisely because of our Christian beliefs about God and about the human person. The belief in the unique dignity of the human person made in the image and likeness of God underpins the approach to all education in a Catholic school. Our approach to RSE therefore is rooted in the Catholic Church's teaching of the human person and presented in a positive framework of Christian ideals.

At the heart of the Christian life is the Trinity; Father, Son and Spirit in communion, united in loving relationship and embracing all people and all creation. As a consequence of the Christian belief that we are made in the image and likeness of God, gender and sexuality are seen as God's gift, reflect God's beauty, and share in the divine creativity. RSE, therefore, will be placed firmly within the context of relationship as it is there that sexuality grows and develops.

Following the guidance of the Bishops of England and Wales and as advocated by the DFE (and the Welsh Assembly Government) RSE will be firmly embedded in the PSHE/RSHE framework as it is concerned with nurturing human wholeness and integral to the physical, spiritual, emotional, moral, social and intellectual development of pupils. It is centred on Christ's vision of being human as good news and will be positive and prudent, showing the potential for development, while enabling the dangers and risks involved to be understood and appreciated.

All Relationship, Sex and Health Education RSHE will be in accordance with the Church's moral teaching. It will emphasise the central importance of marriage and the family whilst acknowledging that all pupils have a fundamental right to have their life respected whatever household they come from. It will also prepare pupils for life in modern Britain.

Aim

Holy Cross Catholic Primary School aims to provide a suitable programme that follows the statutory need to include RSHE into their curriculum from September 2020 which meets the ethos of its Catholic identity and mission.

The purpose of this Relationship, Sex and Health Education (RSHE) policy is to set out the ways in which the school's provision supports pupils through their spiritual, moral, social, emotional and physical development, and prepares them for the opportunities, responsibilities and experiences of life growing up in today's world.

Our School's mission embraces the spiritual, physical, intellectual, emotional, moral and social development of children and young people, and through an agreed approach to Relationship and Sex Education (RSE) using

the Archdiocesan recommended resource 'Journey In' Love 2020 we believe that we can promote the development of the whole child, so that children can grow in *virtue, wisdom and stature*, understanding both the emotional, social and physical aspects of growing spiritually, as well as moral aspects of relationships within a context of a Christian vision for the purpose of life.

The other aspects of the Statutory curriculum intent will be met by Come and See, the Ten Ten Life to the Full programme, recommended PSHE association resources, statutory Science, PE, computing and online safety.

The Purpose

The aims of Relationship, Sex and Health Education (RSHE) at Holy Cross Catholic Primary School are to:

- Provide a framework in which sensitive discussions can take place.
 - Help pupils develop feelings of dignity, self-worth, self-respect, confidence and empathy.
- Prepare pupils for puberty and give them an understanding of sexual development and the importance of health and hygiene.
- Create a positive culture around issues of sexuality and relationships.
- Teach pupils the correct vocabulary to describe themselves and their bodies.

Statutory Requirements

At Holy Cross Catholic Primary School, we must provide Relationships Education to all pupils as per section 34 of the Children and Social work act 2017.

In teaching Relationship and Sex Education, we must have regard to Catholic Education Service guidance issued by the Bishops Conference of England and Wales 2017.

The statutory guidance from the Department for Education issued under Section 80A of the Education Act 2002 and section 403 of the Education Act 1996 Appendix A

The statutory guidance from the Department for Education Equality Act 2010.

Policy Development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Review – Archdiocese Education Advisors, Head Teacher, Deputy Head Teacher, RE 2. lead, PHSE lead, RSE lead and RSE Governor.
3. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations.
4. Parent/stakeholder consultation – Policy shared with parents and any interested parties via email and displayed on website.
5. Pupil consultation – Pupil consultation during lesson time.
6. Ratification – once amendments were made, the policy was shared with governors and ratified.

Definition

Relationship, Sex and Health Education involves a combination of sharing information, and exploring issues underpinned by our Catholic values.

Relationship Sex and Health Education is about the emotional, social and cultural development of pupils, and involves learning about personal relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

Curriculum

We have developed our curriculum with recommendations from the Archdiocesan Education Department to ensure that they meet with Catholic Church teaching.

After consultation with parents Relationship Sex Education will be covered using the Archdiocesan recommended resource 'Journey In Love' 2020 this includes *sexual intercourse at Year 6. (See right of withdrawal)

We have considered the age, stage and feelings of pupils and have consulted with parents and staff to ensure we are offering a quality curriculum which is adequately catered to meet their needs.

We have adapted the PSHE Association Primary Scheme of Work and the Ten Ten Life to the Full resource to suit the needs of our children.

If pupils ask questions outside the scope of our curriculum, teachers will respond in an appropriate manner so they are fully informed and do not seek answers online.

Delivery of Relationship, Sex and Health Education (RSHE)

Relationship and Sex Education (RSE) is taught both discretely and within the Personal, Social and Health Education (PSHE) curriculum lessons. Some aspects of the RSHE curriculum may be touched upon in other lessons as it shares links with Religious Education, Science and Physical Education.

Our RSHE will ensure that content is relevant to the age, experience and maturity of pupils.

The new statutory guidance for Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me.
- Caring friendships.
- Respectful relationships.
- Online relationships.
- Being safe.

These areas of learning are taught within the context of 'family life' and could include married or single parent families, same sex parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures, along with reflecting sensitively that some children may have a support structure around them (for example: looked after children or young carers).

As a school, we promote equality of opportunity and foster good relations. Our school environment uniformly applies values of inclusion and respect to all pupils and their families. All staff are proactive in promoting positive relationships and receive regular training.

Equal Opportunities

All pupils have access to the RSHE curriculum. Where pupils have specific educational needs, arrangements for support from outside agencies and support staff are made to ensure these pupils have an appropriate, differentiated curriculum.

Roles and Responsibility

The Governing Body

The governing body will approve the RSHE policy and hold the headteacher to account for its implementation.

The Headteacher

The headteacher is responsible for ensuring that RSHE is taught consistently across the school and for managing requests to withdraw pupils from the non-statutory element of Relationship and Sex Education in Year 6* (see right of withdrawal)

Staff

Staff do not have the right to opt out of teaching RSHE as this forms part of the Teaching Standards. Any staff who have concerns about teaching RSHE are encouraged to discuss this with the headteacher.

Staff are responsible for:

- Delivering RSHE in a sensitive way which complies with Church teaching.
- Modelling positive attitudes to RSHE.
- Monitoring progress.
- Responding to the needs of individual pupils.
- Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory components of RSE.

Pupils

Pupils are expected to engage fully in RSHE and, when discussing issues related to RSHE, treat others with dignity, respect and sensitivity.

Parents' right to withdraw

Parents have the right to withdraw their children from the non-statutory component of sex education in Year 6. This is where sexual intercourse is taught discretely as part of the Physical aspect within Journey In Love the Archdiocesan recommended resource.

Requests for withdrawal should be made in writing and addressed to the headteacher. The headteacher will discuss the request with parents and take appropriate action.

Alternative work will be given to pupils who are withdrawn from RSE.

Parents do not have the right to withdraw their children from Statutory Relationships Education as set out in the DFE guidance 2020.

Monitoring arrangements

The delivery of RSHE is monitored by Josephine Hodges and Ann Pinchi by undertaking learning walks, staff and pupil consultations, planning and work scrutinies and questionnaires.

Pupils’ development in RSE is monitored by class teachers as part of our internal informal assessment systems.

This policy will be agreed annually by the governors and reviewed every three years.

To Know You More Clearly and Relationship and Sex Education

Introduction

The following outlines how RSHE (Relationships, Sex and Health Education) links to the Religious Education Directory (RED) "To Know You More Clearly" across the primary year groups. It highlights key thematic overlaps between Catholic RSHE learning (based on Ten Ten / A Journey in Love) and core RED theological and spiritual objectives.

Another way of using this section is when teaching Religious Education which occurs in other aspects of the curriculum e.g. Science, P.E, PSHE etc.

RSHE and RED ("To Know You More Clearly") Curriculum Links

Year Group	RSHE Key Themes (Ten Ten / Journey in Love)	Related RED Themes and Scripture Focus
EYFS	God made me special and loves me; recognising feelings; family and friends	Created and Loved by God; Stories of Creation; Jesus' family; Belonging in God's family
Year 1	Physical uniqueness; feelings and emotions; family; safe relationships	God made the world and each person good; Jesus' love; Saints and Mary; Being part of the Church family
Year 2	Differences between boys and girls; choices and consequences; caring for others	Moral choices (Conscience and Sin); Love of neighbour; Parables of Jesus; Stewardship of creation
Year 3	Celebrating differences; friendships and forgiveness; the human body	Created to Love Others; Virtues and Commandments; Jesus' teaching on forgiveness; Human dignity in Genesis
Year 4	Puberty awareness; personal boundaries; community and service	The Body is a Gift from God; Covenant and Vocation; The role of the Church and mission; Saints and service
Year 5	Puberty and emotional change; dignity of the human body; relationships and commitment	The Human Person in God's Image; Theology of the Body; Discipleship and vocation; Sacraments (Confirmation)
Year 6	Emotional maturity; transition to secondary; healthy relationships and love; life choices	Called to Love and Serve; Christian vocations; Marriage and commitment; Kingdom of God; Role of Mary and Saints

This overview supports our school in delivering a fully integrated, Gospel-rooted RSHE curriculum that aligns with the RED framework while promoting the dignity, vocation and flourishing of every child.

Statutory Science Curriculum

Early Years Foundation Stage children learn about life cycles. Through on-going personal, social and emotional development they develop the skills to form relationships and think about relationships with others.

In Key Stage 1 children learn:

- That animals, including humans, move, feed, grow and use their senses and reproduce •
- To recognise and compare the main external parts of the bodies of humans
- That humans and animals can reproduce offspring and these grow into adults
 - To recognise similarities and differences between themselves and others
 - To treat others with sensitivity

In Key Stage 2 children learn:

- That the life processes common to humans and other animals including nutrition, growth and reproduction
- About the main stages of the human life cycle
